## GIRL RAPED AS YOUTH FREED EARLY

A YOUTH attacked and raped a teenager three weeks after he was released early from a young offenders' institution.

The High Court in Glasgow yesterday heard that James Campbell launched the attack on his 17-year-old victim as she slept in an Airdrie homeless unit.

Kath Harper, prosecuting, said: "She woke up to find she was being assaulted by the accused who was naked. He was punching her on the face.

"He said he wanted sex and she told him no. Despite this, he raped her."

Campbell, also 17, admitted grabbing the girl by the hair, repeatedly punching her on the head and body, and then raping her on February 15.

The court was told that Campbell, who had been released from Polmont Young Offenders' Institution on an assault and robbery charge on January 24, was living at the homeless unit.

When the girl arrived there, he chatted to her and tried to have sex with her, but she said no. However, she allowed him to sleep in her room and at around 5am she woke to find him assaulting her.

Ms Harper told the court that the 17-year-old had cuts and bruises on her face and arms. Initially when interviewed by police, Campbell claimed they had had consensual sex. He told officers he was unable to account for her injuries.

## Transformers (2007)

“You shoot, I’ll drive!”

And drive he does as Michael Bay translates the Transformers world of animation and toys to the big screen.

But before I get ahead of myself I have to admit I never watched even a single episode growing up. I had just hit high school and I wasn't interested. So there wasn't any real baggage involved either side of the coin.

Yet there I sat in the first public screening anywhere on the planet (June 12th in Sydney, Australia, with Michael Bay

introducing it) and it just overwhelmed me and everyone else! There was never a dull moment, the script flowed easily, the acting was first-rate and the seamlessness of the CGI and live action was taken to another level.

It's going to be the hit of the summer and was better than any of the big third installment trilogies I have just also seen. And I love each of those franchises.

Congratulations on a movie that not only met expectations but exceeded them
